Business Communication 8th Edition Ober

Business writers should consider the tone of their message, whether they are writing a memo, letter, report, or any type of business document. Tone is present in all communication activities. Ultimately, the tone of a message is a reflection of the writer and it does affect how the reader will perceive the message.

Law is a system of rules created and enforced through social or governmental institutions to regulate behavior, with its precise definition a matter of longstanding debate. It has been variously described as a science and the art of justice. State-enforced laws can be made by a group legislature or by a single legislator, resulting in statutes; by the executive through decrees and regulations ...
