Where To Download Ford Aod Transmission Manual Valve Body

It allows Automatic shifts in the drive position and will hold 1st and 2nd gear manually (C4, C6 and AOD Hold valve bodies only). It supplies tire chirping shifts when you want them. This valve body, which is featured in Performance Automatic Super Streeter transmissions and is a direct bolt in with no other modifications required.

Performance Automatic Street/Strip Valve Body Ford AOD

This high quality valve and sleeve, manufactured by Sonnax, cures many line pressure related problems in the AOD transmission. Sticking or worn boost valves are a leading cause of failures and shift complaints with the AOD transmission. Over time, the steel valve will wear into the aluminum sleeve, causing the valve to stick and leak.

Available in full manual shift only, it is very quick and responsive. Because of its fixed line pressure, with this valve body the transmission is no longer susceptible to failure from incorrect TV cable adjustment (TV cable NOT to be used with full manual models). This valve body is a MUST for AOD's needing to withstand 600+ hp.

Lentech Products - Lentech

The AOD takes a 164-tooth AOD-specific flexplate instead of the smaller 157-tooth pieces common to the C4 and early Ford manual transmissions. Because the AOD is longer, the crossmember must position the mount farther to the rear of the vehicle to support the transmission.

Ford AOD Transmission Installation and Swapping Guide by ...

The valve body kit is intended to modify a properly functioning transmission, not to repair a problem. Refer to AOD valve body kit FAQ # 1. Assuming the transmission shifts 1-2 and then stays in second gear without ever neutralizing the most likely cause would be a stuck 2-3 shift valve in the valve body.

Troubleshooting the AOD Transmission

The Ford AOD Transmission is 30 pounds lighter than the TH400 because it features an aluminum valve body and also offers a lightweight center support section. 2. AOD's lighter rotating mass: Another thing to point out is AOD's rotating mass which is 4 pounds lighter than the TH400 and its diameter which is 1-inch trimmer.
