About KS3 SATs Papers. KS3 SATs papers were introduced in 2003. KS3 test papers challenged children in their Year 9 Maths, Science and English. Following a long battle with teachers, formal tests were dropped after 2009. KS3 Maths papers (together with English and Science) do still exist but they are written and marked within schools.

Following Lord Bew's review of Key Stage 2 tests, the government announced that pupils will, from 2012, no longer be given externally examined writing tests. These will be replaced with teacher assessment of writing. Further to this, a new test which assesses spelling, grammar, punctuation and vocabulary will be trialed in 2012.

This KS3 Science quiz asks questions about cells. Cells are part of every living thing. The simplest organisms like bacteria and amoeba have bodies that are a single cell. More complex animals like humans have trillions of cells. The larger the organism, the more cells it has. There are many different types of cell.
