How Each State Got Its Shape - 24/7 Wall St.

A state's name can give a lot of backstory to the region's history. Some states were named after the native tribes that lived in the land, while others were named after the kings and queens of the empires who sent explorers to colonize them. Wyoming got its name after a series of misspellings and miscommunication.

Stein entertained questions from the audience; most asked how their home states got their shapes. Naturally, a question arose as to the oddity that is Maryland, which is seemingly cut in two and missing the part from its eastern edge that is Delaware. "Every boundary in Maryland's colonial charter was contested, and Maryland lost," he said.
