Note: the title reads Stumbling On Happiness, not Stumbling Onto Happiness. Thus, Daniel Gilbert's book does not go into self-help. Rather, it delineates the many errors we humans make when solidifying decisions and how our minds trick us into choosing things that might not lead us to happiness in the long run.

like yesterday's book, it's almost impossible to pull out only 3 good things here. It's fascinating how we make bad decisions and wrong assumptions, not because of being over-confident or smug, but simply because of the way our brains are wired.. I think the consequences have a much bigger impact on our lives than even the book
